14th August 2019

Dear One and All,

I am pleased to let you know that on Friday 18<sup>th</sup> October, with the help of Len Sheppard and Urban Kelt, we have organised a Concert with The Rowan Tree and hopefully other music by Merv Davey's band as well as some others. It will all take place at The Cribbar in Newquay, starting at 7pm. Please check our website for up-to-date information or contact me. It will be an interesting evening as The Rowan Tree are going to be talking about their work looking into the history of the Cornish Miners who went to the Kolar Gold Fields in South India. They have been over there filming so it should be very good to see. Please support this evening. We need to raise our profile especially after our successful Congress at Newquay in April.

Our next Open Meeting will take place the following morning also at The Cribbar, starting at 10.30, so that will give us time to get over the night before!

We have both a website and a Facebook site so please look at these to find out the latest from the branch.

Ray, as our new Chairman *pro tem*, would like thank Len Sheppard for all his time sorting out this event in October including liaising with the owners of The Cribbar, organising the publicity and keeping us up-to date with what he is doing in Newquay. We are very grateful for his help.

Don't forget that the Welsh Branch need to know if you are planning to attend the next Congress in Aberystwyth. I have no new details about cost or venue but possibly it will be at the University of Wales as before. The dates are: 20<sup>th</sup> - 25<sup>th</sup> July. I look forward to your replies!

I look forward to seeing some of you at The Cribbar.

Oll an gwella

*Denise*
